

B.ED.PLACEMENT CELL

Kamal institute of Higher Education and Advance Technology provides high quality faculty and staff for the students of B.Ed course.

Each year the institute tries to bring out the hidden potentials of the students who come to them in order to have a professional degree, Kamal Institute of Higher Education and Advance Technology focuses more on practical and in-hand experience rather than only on theoretical aspects. Institute is well equipped with all the possible facilities for people with special needs. All the classrooms have smart-boards, projectors, and speakers.

The Principal and the teaching staff are well integrated with one another and provide transparency to the students and answer their queries in well-organized manner while avoiding any hassle. Kamal institute of higher education and advance technology provide excellent placement opportunities to their students throughout the period of time at optimum places available for exposure and good experience for the growth of their personality and as well as carrier.

Due to recent pandemic events which affected every aspect of our life's have also affected our placement procedure as the students of current batch even though got selected by different schools are still yet to join their significant positions at their respective appointed places but as the pandemic still continues this seems bit difficult for current time being.

The institute has organized various workshops on career counseling and CTET for B.Ed. students regularly. 30 students of B.Ed. 4th Semester have qualified the CTET exam in the session 2016-17. Moreover, cuttings of the teaching vacancies in the newspaper are displayed on the institute's notice board every week for the information of the students. The personality development activities are also conducted in the institute for B.Ed students.

Yearwise Placement Record
